VITAMINA[®]

RECHARGE YOUR SKIN

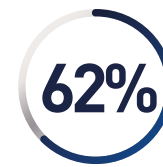

The **first and only** cosmeceutical cream with **cross-linking** effect

Exclusive formulation based on riboflavin, with a mix of vitamins and natural elements for anti-ageing, anti-wrinkle and depigmentation effects.

Thanks to the high synergy between its components, VITAMINA® produces a natural cross-linking action on collagen fibers, protecting the skin, improving its elasticity and reducing spots.

Clinically tested* results

IMPROVED ELASTICITY

PIGMENTATION REDUCTION

WRINKLE REDUCTION

Creates a protective shield

Strengthens collagen fibers

Compacts cellular layers

Stimulates cellular repopulation

BEFORE

AFTER

Skin isotropy reduced by **33%**
Desquamation reduced by **17%**
Melanin index reduced by **15%**
Erythema index reduced by **10%**
